Alexandria | Virginia 22314
**Phone:** 1-202-644-3064

# CAPABILITIES STATEMENT

GCPA Consulting LLC is a Veteran-Owned Small Business (VOSB) that turns geopolitical research into decision-ready intelligence for government, defense and intelligence community, and private sector clients.

We draw on our network of subject matter experts from across 70+ countries and 29+ languages, and apply advanced methods including AI/ML, OSINT, and digital ethnography to deliver insights calibrated to each client's operational tempo and classification environment. Where traditional analysis describes events, we build the analytical pipelines and custom toolkits that help consumers anticipate them.

Our PhD credentialed team bridges academic rigor and mission readiness. We design bespoke data architectures, automate open-source collection and processing, and rapidly translate scholarly findings into products professionals can act on. We support the full range of funding mechanisms (grants, contracts, and cooperative agreements) and can deploy analytical teams on short notice when mission requirements demand a physical presence.

## CORE COMPETENCIES

- AI-Enabled Geopolitical Risk Analysis and Forecasting
- Open-Source Intelligence (OSINT) and Digital Ethnography
- Computational Social and Political Science
- Custom Analytical Toolkit and Methodology Design
- Data Pipeline Development and Automation
- Intelligence Community Training and Curriculum Development
- Monitoring, Evaluation, and Learning (MEL)
- Management and Strategy Consulting

## PAST PERFORMANCE

**US Department of State.** As a subcontractor to the Afghan Institute for Strategic Studies (AISS) from 2014 through 2018, coordinated and completed two studies on radicalization trends across Afghanistan. One investigated radicalization trends across the ranks of the Afghan National Police (ANP); the other examined radicalization trends across university campuses.

**Defense Innovation Unit, Department of Defense.** As a subcontractor to Fivecast, LLC, provided technical support from November 10, 2020, through July 17, 2022. Department of Defense point of contact: Lt Col Thomas Horan, thoran@diu.mil.

**Violence Prevention Cell, Department of Defense.** As a subcontractor to the Federal Research Division, we provided research support from August 1, 2022, through January 17, 2023. We conducted this project through an interagency agreement (IAA). Dr. Mark Knollmueller, mknollmueller@loc.gov.

# DIFFERENTIATORS

**Proprietary Research Ecosystem.** Exclusive access to GCPA's network of 200+ resident scholars across 70+ countries gives GCPA Consulting depth and currency in geopolitical knowledge unavailable to conventional consulting firms.

**Technology-Driven Intelligence Products.** We design and build AI-powered analytical tools, automated OSINT pipelines, and custom data architectures that transform raw geopolitical data into structured, mission-ready intelligence at operational speed.

**Rapid Response and Global Deployment.** Our US-based consulting team can mobilize and deploy on short notice anywhere in the world to meet mission-critical needs.
